Notice on a distribution of retained earnings

Kubota Corporation (hereinafter “the Company”) has resolved at the Meeting of the Board of Directors held on February 14, 2024 that the Company would distribute retained earnings as the record date was December 31, 2023.

1. Details of year-end dividend

	Year-end dividend	Latest forecast (Released on November 8, 2023)	Comparable previous year (Year ended December 31, 2022)
Record date	December 31, 2023	December 31, 2023	December 31, 2022
Dividend per common share	¥24	¥24	¥22
Amount of dividend	¥28,239 million	-	¥26,202 million
Date of payment	March 25, 2024	-	March 27, 2023
Resource of dividend	Retained earnings	-	Retained earnings

(Note) The Amount of dividend includes ¥ 31 million for the Company’s shares held by the RS Trust in relation to the Performance-linked Stock Compensation Plan.

2. Reasons

The Company’s basic policy is to maintain stable and raise dividends and to flexibly conduct share buy-backs and retirement of treasury shares in order to return of profit to shareholders.

Considering the basic policy and the Company’s current business performance, the Company decided to pay ¥24 of the year-end dividend per common share. Accordingly, including the interim dividend of ¥24 per common share already paid, the annual dividend per common share for the fiscal year ended December 31, 2023 is ¥48.

(per common share)

	Dividend per common share		
	Interim dividend	Year-end dividend	Annual dividend
This fiscal year ended December 31, 2023	¥24	¥24	¥48
The fiscal year ended December 31, 2022	¥22	¥22	¥44

< Cautionary Statements with Respect to Forward-Looking Statements >

This document may contain forward-looking statements that are based on management’s expectations, estimates, projections and assumptions. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results may differ materially from what is forecast in forward-looking statements due to a variety of factors, including, without limitation: general economic conditions in the Company's markets, particularly government agricultural policies, levels of capital expenditures, both in public and private sectors, foreign currency exchange rates, the occurrence of natural disasters, continued competitive pricing pressures in the marketplace, as well as the Company's ability to continue to gain acceptance of its products.
