ERDIP NEWS

July 2019, Vol. 11

Kubota exhibited AWWA ACE-19 Conference in Denver, CO

Kubota exhibited ERDIP at AWWA ACE19 between June 10th and 12th in Denver, CO. Kubota presented various diameter range of ERDIP, up to 104", experience ERDIP has no breaks or leaks over 40 years in Japan, supply record in North America, and intense testing conducted at Cornell University by Professor T. D. O'Rourke on panels and 3 inch "GX-type" cut pipes (spigot-spigot) with collar(sleeve) couplings in the booth. Visitors had been looking at displays interestingly.

For Earth, For Life
Kubota

ERDIP in the USA

Many water agencies in the US major cities have adopted Kubota's ERDIP. The ERDIP provides efficient solutions to complicated problems.
