MOWER

Standard Deck

This 3-blade mower offers a wide cutting area, allowing you to cut more grass in a single pass. Choose a 48"/54" deck for the BX1860 or a 54"/60" deck for the BX2360/BX2660/BX25.

Fine Cut Deck

For finer cutting jobs and more beautiful end results, the Fine Cut Deck is exactly what you're looking for. Kubota's baffle structure allows the grass to be cut more finely, giving you a closer and more uniform cut. Our Fine Cut Deck also offers excellent performance with our optional mulching kit.

Mowing - Height Adjustment Dial

A simple twist of the dial adjusts the mower height in 1/4" increments to your desired cutting level.

Durable Shaft Drive

The BX-Series' shaft drive delivers power smoothly from the mid-PTO to the mid-mount mower. Unlike belt drives, there is no slippage and maintenance is minimal.

High Clearance

The high clearance of BX-Series tractors makes it easier to travel and mow over uneven ground or over raised obstacles such as curbs. All BX models offer a clearance of 6 inches.
