

## PROFILE

Since its establishment, Kubota Corporation has continually aimed to promote the harmonious coexistence of humans and all aspects of the earth's environment, including water and soil, by creating products that contribute to a better future for people, society as a whole, and the earth. In accordance with this basic philosophy, Kubota is continually anticipating the needs of the times as it vigorously engages in businesses that contribute to the betterment of society. Today, Kubota's products in domains closely connected to culture and people's daily lives—including areas related to water, soil, air, and cities—are enjoyed by people worldwide. In the future, Kubota will continue to provide people- and earth-friendly products that will enable the creation of abundant living environments and contribute to the protection of the earth's environment.

### Cautionary Statement with Respect to Forward-Looking Statements

This annual report contains statements about Kubota's future business plans, strategies, and beliefs. Statements regarding the Company's projected future business results are not based on historical facts and are subject to various risks and uncertainties. These risks and uncertainties relate to economic conditions in Kubota's business environment, particularly government agricultural policies, the state of private-sector and public-sector capital investment, currency exchange rates, new housing starts, competitive pricing pressures in the marketplace, and Kubota's ability to continue designing and developing products that will be accepted in markets. However, it should be noted that elements affecting performance are not limited to the previously mentioned factors.
