**Notice of Interim Dividend**

Kubota Corporation (hereinafter “the Company”) has resolved at the Meeting of Board of Directors held on August 5, 2025, that the Company would pay interim dividend with the record date of June 30, 2025.

**1. Details of interim dividend**

	Interim dividend of this fiscal year	Latest forecast (Released on February 13, 2025)	Interim dividend of the previous year
Record date	June 30, 2025	June 30, 2025	June 30, 2024
Dividend per common share	¥25	¥25	¥25
Amount of dividend	¥28,460 million	-	¥29,416 million
Date of payment	September 1, 2025	-	September 2, 2024
Resource of interim dividend	Retained earnings	-	Retained earnings

(Note) The Amount of dividend includes ¥25 million for the Company’s shares held by the RS Trust in relation to the Performance-linked Stock Compensation Plan.

**2. Reasons for determination of interim dividend amount**

The Company’s basic policy for the return of profit to shareholders is to maintain stable dividends and raise dividends together with share buybacks and retirement of treasury shares.

Considering the basic policy and the Company’s current business performance, the Company decided to pay ¥25 per common share as the interim dividend of this fiscal year. The forecast for the year-end dividend for this fiscal year is as follows.

	(per common share)		
	Interim dividend	Year-end dividend	Annual dividend
This fiscal year (Year ending December 31, 2025)	¥25	¥25	¥50
The previous year (Year ended December 31, 2024)	¥25	¥25	¥50

**< Cautionary Statements with Respect to Forward-Looking Statements >**

This document may contain forward-looking statements that are based on management’s expectations, estimates, projections and assumptions. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results may differ materially from what is forecast in forward-looking statements due to a variety of factors, including, without limitation: general economic conditions in the Company’s markets, particularly government agricultural policies, levels of capital expenditures, both in public and private sectors, foreign currency exchange rates, the occurrence of natural disasters, continued competitive pricing pressures in the marketplace, as well as the Company’s ability to continue to gain acceptance of its products.
